2. Urges to strengthen borders and increase the process of monitoring them.
3. Strongly recommends increasing the level of social help and human resources by:
 - a. spreading the information among the countries to attract more volunteers;
 - b. maintaining the Lake Chad region with all the necessary infrastructure for proper living (i.e. factories, buildings, etc.);
 - c. increasing the level of monitoring the situation to make the other countries aware of how vital the problem is.
